

BURTON L. EASLEY  
Opens School Campaign

### Burton Easley Announces Goal In School Race

Dr. Burton L. Easley, 44-year-old Torrance dentist, will be among those seeking election to the board of education next April 18.

A native of Hemet, he has received all of his education in California schools, and graduated from the University of Southern California College of Dentistry after completing undergraduate work at the University of California at Berkeley.

He served in the Army Dental Corps for three years during World War II, then opened an office in Bakersfield where he practiced for three years. He came to Torrance in 1949.

DR. EASLEY resides at 3306 Eldorado with his wife, Jean, and their two children, Donna, 14, and Larry, 12.

In announcing his candidacy last week, Dr. Easley said:

"Serving as I have in the schools' dental health program since its beginning has given me a close up view of the school system and I consider it one of the best in the country. My interest in running for the School Board stems from the fact, being a parent of two children who started school in kindergarten in Torrance and one is now in high school. I have a sincere interest in the best methods that will promote the welfare of all children in Torrance. As everyone knows, the growth of Torrance in the past ten years has been stupendous and revamping an educational program to meet the needs of today such as building new schools and integrating new teachers into new schools has been all but a modern miracle.

"Of necessity, there have been times of confusion and frustration on the part of administration, parents and pupils alike as adjustments have gone forward to bring our school system up to the high standard it is today. I think it is high time we start praising our schools rather than trying to tear them apart. I have no axe to grind or anything to gain personally. People who know me will testify that I have a mind of my own and am nobody's YES man. If elected, I will devote myself not only to keeping our schools at their present fine rate of development; but to further their progress in the best interest of our children."

### Candidates To Address Homeowners

Candidates seeking seats on the board of education at the April 18 school election have been invited to air their views before members of the Hollywood Riviera Homeowners Assn. at the Parkway Elementary School next Monday evening, according to Robert E. Katherman, president of the civic group. The program will begin at 8 p. m.

Each candidate is being asked to discuss topics from his platform in the first part of the program, and then participate in a question period with the audience.

Everyone is invited to attend the meeting in the Parkway Cafeteria, Katherman said. The school is located at 200 Via
